

March 28th,2019

To whom it may concern,

Louise Jiang worked under my supervision and assisted me to carry out many design projects at BRANDX. I have had the chance to work with Louise Jiang in the luxury field, and have been consistently impressed by her creativity, diligence, efficiency, and the ability to get things done well.

Louise Jiang has worked for me directly in our Paris office. She performed many design projects and attended important meetings with our clients in top luxury industry. During the time we worked together, she showed not only her creative design thinking, excellent design visualization skills but also professional marketing knowledge.

I always enjoyed Louise Jiang's easy, confident communication style and her positivity when dealing with issues. Those personalities are helpful for our group's further development.

I believe that Louise Jiang would be an excellent addition to your group. Please feel free to contact me if you have any questions.

Sincerely,

Michael KALTENHAUSER
Creative Director
